**Financial Aid awards at the higher income levels are generally a result of one or more extraordinary situations such as death, illness, chronic medical issues, or recent loss of employment.

- Many other factors are considered, including but not limited to family size, children in private school, lifestyle indicators such as vehicle(s) and home(s), sources of income (employment vs. self-employment), unique situations and other factors.
- Average Financial Aid Plus Voucher includes the additional assistance awarded by the Ohio Department of Education's Cleveland Scholarship and EdChoice Programs available to students in eligible school districts.
- Individual Financial Aid awards are determined using the FACTS Grant & Aid Process. Applications for the Class of 2027 are due in November 2022 with notification in early January.
- This data is based upon total financial aid awarded as of August 31, 2022.
