

Mamma Mia Character Descriptions

Sophie (F): The exuberant bride-to-be. She is excited to be marrying her fiancé, Sky, whom she is absolutely head-over-heels, butterflies-in-your-stomach in love with. Sophie adores her mom, Donna, but has recently felt a longing to have her dad in her life...in fact, she has a longing to find out who he is!

Donna (F): A complex woman who is more than she seems on the outside. Warm, yet strong, Donna gave up stardom with her group, the Dynamos, to raise her daughter, Sophie. She is fierce and independent, and she loves freely...unless you're a man. Donna has a sensitivity about her that she has been trying to hide for 21 years.

Sam (M) One of the possible dads! Sam is a dreamer and a romantic – not just about women, but about life. He always follows his heart except with one big exception: for the past 21 years, he has avoided Donna, the absolute love of his life. Seeing Donna again makes him vulnerable, but he has no idea what to do about it.

Harry (M): One of the possible dads! Harry used to be a rock star but got tired of the lifestyle. He has settled down into a “proper” life, but he still has a deep love of music. He strives to do the right thing. Harry is a true gentleman.

Bill (M): One of the possible dads! Bill lives a life of adventure, travelling the world as a successful reporter. He's slightly awkward, and everyone loves him for it. Bill marches to beat of his own drum, but for someone who likes to experience the world around him, he is a bit blind to what is in front of him.

Rosie (F): Feisty and bold, Rosie was in the Dynamos with Donna. Their bond goes beyond friendship – it's a sisterhood. Rosie has no fear and is quite happy being on her own. She doesn't need to be tied down to a man to feel complete. And yet, beneath it all and unbeknownst to even her, she's ready to throw caution to the wind when the right one comes along.

Tanya (F): The third member of the Dynamos, Tanya appreciates the finer things in life. The kind of woman whom the superficial man wants to be with, Tanya has these guys wrapped her finger...and she's not afraid to take advantage of it.

Sky (M): Sophie's fiancé, he is naïve and a bit of a doofus, but he has a heart of gold. Everyone likes Sky, but he is personally a little shocked that someone like Sophie would want to marry him. He sees her as out-of-his-league, but in reality, that's not the case at all – they are a great couple.

Pepper (M): One of Donna's staff members, he's a cheeky guy who does not pick up on social cues. That's part of his charm. Pepper thinks himself to be God's gift to women, but reality is a different story.

Eddie (M): Another one of Donna's staff members, he's good buddies with Pepper. Eddie is laid-back and doesn't take life too seriously.

Lisa (F): One of the bridesmaids, Lisa adores Sophie and is just excited for the wedding as the bride is. Very loyal. Her friends are her world.

Ali (F): One of the bridesmaids, Ali follows her impulses and is up for anything life puts in front of her. She may seem a bit superficial, but she loves Sophie and Lisa and would do anything for them.

Ensemble – Guests, Residents of the Island, and Hotel Workers (M + F): This is truly an ensemble show – the success of *Mamma Mia* relies heavily on the spectacle these performers create. Ensemble members in this show are not like they are in most other musicals; everything in this show is built upon the success of this group. We don't put the average people in the ensemble like many other local theaters may do. In fact, some of the strongest performers on our stage will be in the ensemble because these roles are incredibly vital.
