About The Welsh Academy: As a part of Saint Ignatius High School, and partnering with local families and local community, The Welsh Academy offers boys entering the sixth grade from the City of Cleveland and inner-ring suburbs an opportunity for a curriculum based in Jesuit ideals and Catholic theology. Praise, reverence, and service should mark the relationship that exists not only between teachers and students, but among all members of the school community. Ideally Jesuit schools should be places where people are believed in, honored, and cared for; where the natural talents and creative abilities of persons are recognized and celebrated; where individual contributions and accomplishments are appreciated; where everyone is treated fairly and justly; where sacrifice on behalf of the economically poor, the socially deprived, and the educationally disadvantaged is commonplace; where each of us finds the challenge, encouragement, and support we need to reach our fullest individual potential for excellence; where we help one another and work together with enthusiasm and generosity, attempting to model concretely in word and action the ideals we uphold for our students and ourselves.
